**Academic Achievement, Character Development**  
**Pleasurable and Instructive Easy-To-Do Activities for Home**

During the long summer, parents and teachers are concerned about both academics and character development. The MegaSkills Program delivers both...and now in Spanish. Parents and teachers across the nation are invited to check out [www.MegaSkills.org](http://www.MegaSkills.org) ... to learn about how to teach children strong habits of character and strong habits for academic success.

**MegaSkills®** formulated by Dr. Dorothy Rich, are the habits, the behaviors, and attitudes vital for achievement. *Confidence, Effort, Motivation, Responsibility, Common Sense, Teamwork, Caring, Initiative, Perseverance, Problem Solving* and *Focus*. These are the "inner engines of learning."

**Benefits for Children**

- Increased self-discipline and respect for others
- Development of the academic and social skills needed for school success
- Greater ability to work cooperatively and show responsibility
- More interest in school and completion of homework and assignments

MegaSkills is identified by the Character Education Partnership (CEP) as a nationally recognized character education program, and over 600 websites connect MegaSkills and character education.
